

SMAR Azure Corporate Holidays

4th – 10th August 2014

SMAR Azure will be closed from Monday, the 4th of August until Monday the 11th of August.

4th AzureProject User Group Meeting - 17th Nov 2014

AzureProject users will meet to discuss software's future developments.

METS 2014 – STAND No 10.312

Meet SMAR Azure at METS 2014! We will be exhibiting in the Superyacht Pavilion from the 18th to the 20th of November 2014.

AzureProject: new version to be released soon

Main features in the new release:

- ✓ The newest version represents a significant step forward, making it **easier to design/produce fibre-membrane sails** and **validate sail designs**.
- ✓ The user interface has been upgraded to **facilitate the viewing and handling of large project with several sails**. On the production side, the software will now store the user's settings for panel layout, set UV-cover by inputting the maximum band width, and all panel curves can be exported to a csv file to help designers **compare sail designs** (including production data).
- ✓ **Fibre-membrane sails** can be **developed using any type of panel layout**, including full tri-radial, luff vertical panels, and split foot panels with shape on ALL seams.

CUSTOMERS' VIEW

'We have been very impressed with the **quality of support** and appreciate all of your feedback and help with our designs.'
SLO Sail And Canvas (US)

'Azure Project is all working very well, **very happy** with it.

PAY - AS -YOU - DESIGN

SMAR Azure is introducing a new licencing method for its Sail Design Software. **Pay-As-You-Design (PAYD)** for software on an annual basis for greater adaptability and lower up-front investment than a perpetual licence!

Pay As You Design (PAYD) licence includes: 12 months user-licence + USB dongle + 12 months M&S service + 20 Sail Design Credits.

- ✓ Buying Sail Design Credits is required to use the PAYD licence; a bundle of 20 credits will initially be provided. A PAYD licence needs to be renewed every 12 months.
- ✓ Annual cost: EUR 1,200.00/GBP 1,000.00.
- ✓ If the user wishes to transform its PAYD into a perpetual licence or annual licence with no restriction on the number of sails that can be produced, EUR 800/GBP 670 will be discounted from the cost of the new licence. Only be possible if PAYD is still active.
