

**IN THIS EDITION:**

**METS 2021:**

· Our CTO, Donald will be at METS 2021

**AzureProject New Update**

· updated 3D graphics options

**Boote-Segel design wins**

· Boote-Segel insight of sails in U17 and U20 German Championship

# METS STAND TRADE 01.462

**Our CTO, Donald MacVicar  
will be at METS 2021**

**Availability:**

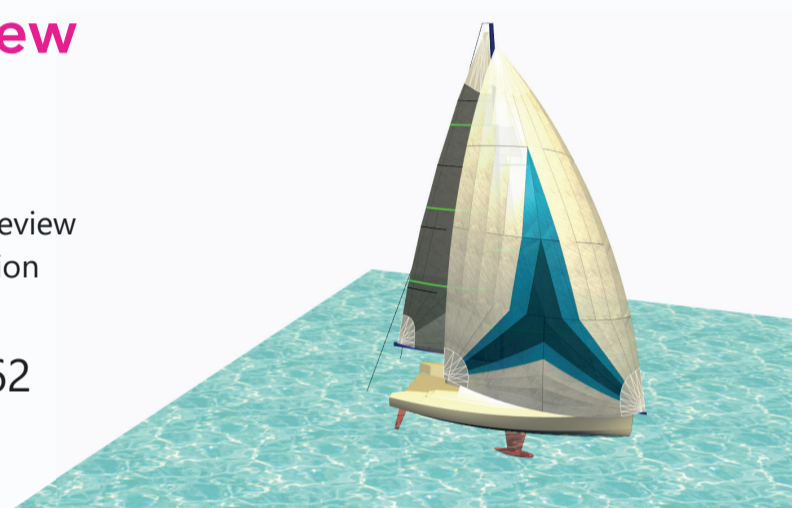

Tuesday 16th Nov 21 from 14:30  
Wednesday 17th Nov 21 all day  
Thursday 18th Nov 21 Until 10:30

**Book a meeting now**

## AzureProject New Update

AT METS, we will showcase a preview of the new AzureProject version

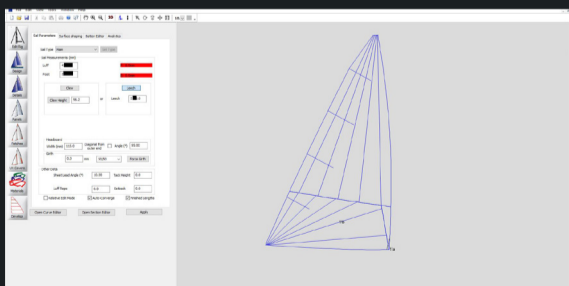

Visit our stand 01.462

## Boote-Segel shares the insight of sails in U17 and U20 German Championship

Founded in 1996, Boote Segel produces racing and cruising sails and much more. They started using AzureProject in 2019 after meeting with SMAR Azure at METS2019. Boote-Segel quickly realised that AzureProject's design features and the ability to see the design in 3D were very helpful tools to quickly improve the designs. In addition, both the webinars and the technical support received from the SMAR Azure team has speed up the learning process, quickly building confidence in using Azure Project. One of Boote-Segel's latest projects was dinghy sails for Leon. Leon participated alongside the 2018 Europe World Champion and other German champions. The result of using AzureProject was victory at the German Championship in 2020 in the U17 classification. In the 2021 German Championship, Leon achieved his first top 10 placement in the overall men's ranking finishing 9th, as well as 2nd place in the youth U20 championship ranking.
