Please note: the SMAR Azure's website (www.smar-azure.com) has been hacked twice this week. We apologise for any inconvenience caused and the problems you may have encountered in accessing to demo, products and information. We are working hard to solve the problem as soon as possible. We THANK YOU for your patience.

DESIGN & TECHNOLOGY SYMPOSIUM

Wed 15 Dec 2010 at 11.30
www.yrds.com/index.html

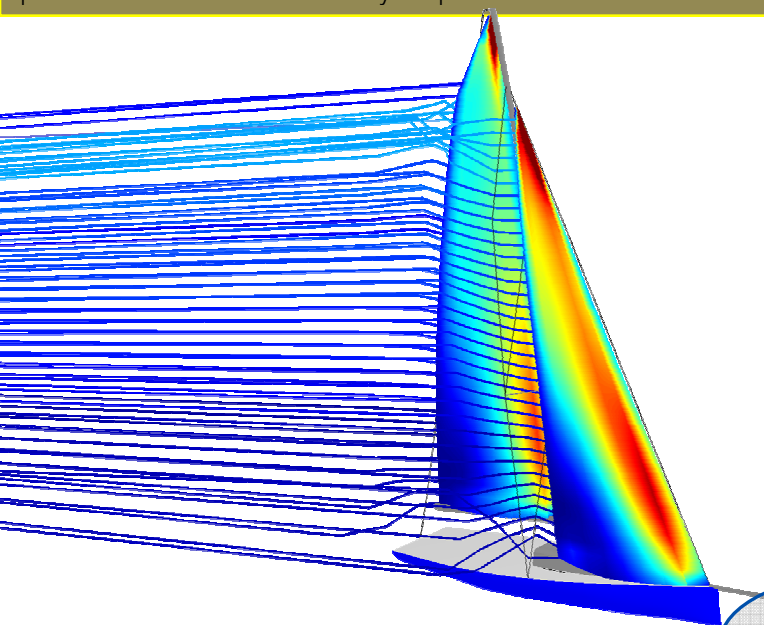

Sabrina Malpede panel member in the 'Design and Performance Data Management' session

'The range of complementary technologies available to rig, sail and yacht designers has significantly increased over the past decade. The challenge is to minimize the management overhead needed to handle the communication of design and analysis info among geographically spread teams.'

The solution?

brio ...The Collaborative Project Management Software for Yacht, Sail and Rig Designers
<http://www.smar-azure.com/Brio.html>

Key Benefits

- ➔ **Save time and material**: High accuracy eliminates '2nd layout' fairing of luff/leech
- ➔ **Accurate sail shape**, thanks to the various design tools available
- ➔ **All manufacturing details are marked**
- ➔ **Sophisticated fiber layout design tools**, compatible with all productions systems
- ➔ **Aero-elastic analysis** that allows achieving peak-performance

Key Benefits

- ➔ **Save time and material**: High accuracy eliminates '2nd layout' fairing of luff/leech
- ➔ Highly flexible design tools enable the design of any type of sail
- ➔ **EASY to Learn-EASY to Use**
- ➔ **All manufacturing details are clearly marked**

AzureProject includes:

- ✦ Hull, Coach Roof, Full Rig
- ✦ Mainsail, Genoa,
- ✦ Spinnakers (symmetric and asymmetric)
- ✦ Panel/Patches/UV cover Layout
- ✦ Fiber Layout tool
- ✦ Aerodynamic, Structural and Aeroelastic Analysis tools

AzureLite includes:

- ✦ Rig design tool for each sail
- ✦ Mainsail, Genoa
- ✦ Spinnakers (symmetric /asymmetric)
- ✦ Panel/Patches/uv cover Layout

AzureProject is the modern 3D software program that provides all of the tools necessary to design top quality mainsails, genoas and spins in less time!

AzureLite is now available for only €6,000 or \$8,400!
